State of Alabama, Coffee County, In the Court of Coffee County, Elba Jurisdiction:

TO HON. W. L. PARKS, Judge 12th Judicial Circuit:

We, the Grand Jury of Coffee County, Elba Division, have met in the Fall Term session of the year 1930, A. D., having assembled on the 15th day of September. We have examined 305 witnesses, investigated 96 cases, returned 37 true bills and 59 no bills.

We have examined the books of the County Officials and found them in satisfactory shape.

We have also examined the bonds of the County Officials and find them, in our opinion, amply secure.

We have visited the County poor house, the County jail and court house and find each of them satisfactory, and in our opinion, properly kept. We find that the wall to the vault of the clerk's office of the Courthouse has cracked and prevents the door of the vault from being closed so that money, records and papers of the County are unsecured.

We further find that the Courthouse roof leaking and we recommend early repair of these.

We further desire to thank Judge W. L. Parks for his able and instructive charge and kindly assistance to us during our deliberations.

We also wish to thank J. M. Loftin and R. T. Goodwin, Jr., Solicitors, for their cooperation and assistance.

Respectfully submitted,
T. H. DEAL, Foreman.

We are giving here a list of the cases disposed of last week. The name of the defendant, the charge on which he was arraigned, and the order entered on the docket:

A. J. Marler, giving fraudulent check, verdict of not guilty.

W. M. Caldwell, false pretense, jury and verdict of not guilty.

TIGERS WON HARD-FOUGHT GAME AT ANDALUSIA FRIDAY

The Elba Tigers clawed the Andalusia Bulldogs into submission on the Andalusia field last Friday afternoon in a game that will go down in Elba football history as one of the hardest fought victories the locals have ever won. However, the score of 7 to 6 was not a true criterion of the strength of the two teams, as the Tigers either outplayed the Covington County team in three of the four periods.

In spite of a steady downpour of rain which commenced falling soon after noon and continued up to game time and throughout most of the game, a large number of Elba fans were present to cheer the happy and enthusiastic crowd.

It is reported that more cotton is being pooled and held this year than ever before, on account of the low price.

At the beginning of the second quarter of the game, the Bulldogs commenced to fight hard and neither team was able to make much headway and the ball was never within scoring distance during this period.

The rapid pace set by the Tigers during the first two quarters seemed to tell on them and they showed a decided tendency to slow up at the beginning of the third quarter.

Life and began to advance the ball down the field by a series of puns and a very solid line.

The Tigers' slow-down defense made a mighty effort to withstand the onslaught of the Bulldogs, but the latter was not to be denied.

A line plunge carried the ball over, but an attempted goal kick failed miserably and the score was, Elba 7, Andalusia 6.

The Tigers went into the final quarter determined to hold their advantage, and by this time they seemed to have gotten their second wind, holding the Andalusians at every point.

TEACHERS MEETING AT ELBA LARGELY ATTENDED FRIDAY

The teachers of Coffee County held their annual institute at Elba on Friday and Saturday of last week.

The opening devotional was conducted by Rev. B. S. Franklin, pastor of the local Baptist church.

Miss Dorinda Sander, Red Cross nutritionist, spoke in a most interesting manner, giving her plans for work in the schools.

W. H. Rollen, child welfare worker, urged parents and teachers to cooperate with her in her efforts to carry out the compulsory attendance law.

The teachers were very glad to have the county board members present. Mr. Pittman welcomed the old and new teachers and made a number of requests had been made that the school opening be postponed two weeks on account of the rain.

On Saturday morning Rev. D. E. Marich, pastor of the local Methodist church, led the devotional.

A special and greatly enjoyed part of the morning's program was a reading given by the young daughter of Mr. and Mrs. Wiley Elison, of New Brockton.

Miss Eunora Farris, elementary supervisor for the county, held interesting group meetings at intervals during the day, at which time the teachers discussed the plans for the objectives for the ensuing year.

A committee composed of Mr. Cameron, Mr. Williams, and Misses Farris, Mildred Lee, Mesdames Grell Tillman and J. W. Kendrick recommended a plan to the teachers for getting a hundred per cent membership in the A. E. A. The plan was accepted. Another committee composed of Messrs. T. Wallace, Peacock, Mrs. Eugene Grimm, Mrs. J. W. Kendrick and others nominated officers for the County Teachers' Association, as follows:

President—Mrs. Wiley Elison. Vice-Pres.—Mrs. J. E. Hanson. Secretary—Miss Kiersey. Treasurer—Mrs. Rowe Watson. County superintendent, was truly at his best during this institute.

He conducted the meetings in excellent form at the same time keeping up a lively spirit by his original wit and humor. This was said by many to be one of the best meetings of the kind held in the county in a number of years.

The best time to select the seed is before the blades have lost their green color, the bulletin said. The stalk should be strong, thick, well shaped and not unusually high. It pointed out.

"Choose ears from a convenient height from the ground," it said, "ears that hang down from the stalk are better than those that stand straight up. If you want to grow corn with two or more ears to the stalk you must select from stalks that produce two or more."

The cars should be firm, heavy and of a medium size, with the kernels well shaped, the bulletin said. Stalks and ears should be free from insect injury and disease.

"Actual uproot costs show that three cost less per mile than any of the major factors in automobile operation, such as gasoline, oil, greasing, washing, polishing and repairs."

"The building machinery and road improvements are other factors entering the new mileage situation, as well as the famous Super tires are built."
